

International Swine Flu Conference

Conference: **August 19-20, 2009** Workshop: **August 21, 2009**

Washington, DC

Show you care. Meet your planning deadlines. Engage staff & suppliers and learn how to work with community, state & federal agencies to survive & recover from a pandemic.

Know How To Respond

Recognize problems earlier. Make the right decision faster.

Plan To Continue

Maintain cash flow and work flow. Keep the learning process alive.

Top leaders and key decision-makers of major companies representing a broad range of industries will meet with distinguished scientists, public health officials, law enforcers, first responders, and other experts to discuss pandemic prevention, preparedness, response and recovery at the 1st International Swine Flu Summit.

At the summit, attendees will be able to draw on first-hand best practices to create the solid business continuity plans that their companies and organizations need in order to prepare for, respond to, and survive a pandemic.

The summit draws on the success of the seven previous Bird Flu summits which featured as speakers several distinguished personalities such as Dr. David Nabarro, the United Nations Coordinator for Avian and Human Influenza, Alex Thiermann of the World Organization for Animal Health (OIE) and Dr. Wenqing Zhang of the WHO Epidemic and Pandemic Alert and Response.

Well-known emergency responders, heads of hospitals from around the world, and hog/swine industry leaders will speak in this summit.

Topics Include

- Country Report & Situations Update
- Surveillance and Data Management
- Preparing Communities Strategies; Local Partnership and Participation
- Delivery of Vaccine and Antiviral Medication
- National Pandemic Influenza Medical Countermeasure
- Socio-Economic Impact on Hog/Swine Industry
- Benefit-Risk Assessment: Public Health, Industry and Regulatory Perspectives
- Prevention Education Efforts and Risk Communication
- Command, Control and Management
- Emergency Response Management
- Business-Based Planning
- School-Based Planning
- Community-Based Planning

IFSC 09

Will feature comprehensive agenda packed with breakout sessions- more than 15 in all.

How to Plan

Make everyone a stakeholder. Spell out roles and responsibilities

Protect Your Community

Know your resources. Test them against your toughest scenarios.

Concurrent Breakout Session #1 **Business Continuity Planning**

- Allocate resources to protect your employees & customers during a pandemic
- Find out which business risks are insured
- Ensure safe travel during the pandemic
- Identify when to reduce or even close operations

Concurrent Breakout Session #2 **Emergency Management Services**

- Prioritize antivirals & personal protective equipment for essential workforce
- Overcome reduced response capacity caused by mechanical failure & a possible 30-40 percent drop in staff, to maintain continuous operations
- Protect the emergency management response operations center
- Manage interruptions in food, fuel & essentials supply chains & establish stockpiles
- Manage panic caused by sudden disruption of services & interruptions in essential goods & services

Concurrent Breakout Session #3 **Law Enforcement Agencies**

- Protect police forces from falling ill & from being hurt in civil disturbances
- Protect the delivery of vaccines & essential goods & services.
- Manage a surge in crime & meet routine requests at the same time
- Control & diffuse social unrest & public disorder
- Isolate prisons & other facilities

Concurrent Breakout Session #4 **First Responders: Fire Department**

- Protect fire department first responders from falling ill & from being hurt in civil disturbances
- Continue to respond to routine fire outbreaks while responding to pandemic-related calls
- Effectively transition into All-Hazards Incident Management Responders
- Effectively undertake mass vaccinations
- Enforce quarantines

Threat Planning: Prevention, Preparedness, Response and Recovery

Concurrent Breakout Session #5 **First Responders: Public Works**

- Protect public works first responders from falling ill or being hurt in civil disturbances
- Control traffic, evacuation & mass transportation
- Ensure the minimal delivery of clean water & sanitation services
- Ensure the stability of vital communications networks
- Overcome an overwhelmed telecommunications network caused by a surge in telework employees, homebound calls, & the increased search for public services

Concurrent Breakout Session #6

911 Call Center Services

- Effectively manage the 911 call center during the crisis
- Develop call center surge capacity
- Secure call center operations
- Anticipate technical problems
- Ensure that frequent, honest & reliable information is released to the public

Concurrent Breakout Session #7

Hospital and Emergency Medical Services

- Prioritize the use of antivirals for the essential workforce
- Anticipate interruptions in food, fuel and essentials supply chains & establish stockpiles
- Plan for reduced response capacity due to mechanical failure & lack of personnel
- Maintain continuous operations during a pandemic
- Plan for 30-40 percent drop in labor force
- Protect the emergency operations center

Concurrent Breakout Session #8

Workplace Planning

- Effectively work with 30-40 percent less employees. Account for your employees.
- Establish remote offices & flexible work plans; identify the business functions that can be outsourced.
- Secure your workplaces.
- Train your workers to screen for symptoms & know what to do when workers fall ill.

“Great event, very informative.”

Dr. Brit Ojulfstad
Los Angeles County
Department of Health Services

Concurrent Breakout Session #9

School / University Pandemic Planning

- Train teachers to screen for symptoms & know what to do when students / teachers fall ill
- Transport ill students
- Identify when to reduce or close down your school
- Effectively transform school facilities into shelters
- Continue learning through alternative routes like the web telephone, mail, radio and TV
- Communicate effectively with staff, parents and students

FACT

This is the place where you can ask the tough questions to doctors who have treated some of the fatal human cases of swine flu.

Dr. Susan Penfield, Texas Department of Health
4th International Bird Flu Summit, March 2007, Washington, DC

Top Five Reasons to Attend the Summit

- Gain a broad bird's eye view of the global swine flu situation.
- Get the freshest updates from hard-to-reach country experts.
- Learn how your company / organization can prepare for a pandemic.
- Establish contacts with key local, federal and international agencies involved in the fight against swine flu.
- Draw on first hand best practices from top companies to create solid business continuity plans.

* Based on the 7th Bird Flu Conference

ISFC 09

Focuses on latest prevention, preparedness, response and recovery measures being developed to address the deadly human-to-human transmission of swine flu H1N1. The speakers and exhibitors are selected to represent the widest possible range of perspectives, including not only human factors, but also physical, environmental and socio-cultural factors.
